

Easy sluffing Wolverine bowl

Wolverine Bowl

Bridger Range

3/20/2022

Code

L-ASc-R1-D1.5-I

Aspect

NE

Latitude

45.83010

Longitude

-110.93400

Notes

From obs: "2 ski cuts in the top of the bowl and it ran most of the way to the bottom. Skiing next to the path, 4 turns would generate enough sluff that you had to get out of the way. No [slab](#) releases but the sluff could knock you down if you weren't looking out for it."

Number of slides

1

Number caught

0

Number buried

0

Avalanche Type

Loose-snow avalanche

Trigger

Skier
