

Rider triggered wind slab Buck Ridge

Date

Fri, 02/24/2023 - 00:10

Activity

Snowmobiling

Triggered a small 2' deep [wind slab](#) in new snow this afternoon. NNE [aspect](#) 9,500', approximately 38° slope. Riding was excellent on all high North facing slopes and this was the only sign of instability we saw all day. Wind was howling on the way out, lots of snow coming out of the trees and transporting at ridge tops.

Region

Northern Madison

Location (from list)

Buck Ridge
