

Natural slides in McAtee near Buck

Buck Ridge

Northern Madison

2/23/2024

Code

N

Elevation

9400

Aspect

NE

Latitude

45.17270

Longitude

-111.44800

Notes

From obs 2/24/24: "Saw multiple large slides around the McAtee drainage N/NE aspects. Some were larger than others but all ran on what looked like a persistent grain or even to the ground in some. Probably natural released over last few days."

Number of slides

1

Number caught

0

Number buried

0
